

This site plan illustrates a residential development layout. The plan features a grid of building footprints, each labeled with dimensions (e.g., 2x360, 2x450, 2x300). The buildings are arranged in rows, with a central corridor or road running through the middle. The site is bounded by a dashed orange line on the left and a solid orange line on the right. Key dimensions and features include:

- Overall Dimensions:** The site is 13445 units wide and 4940 units deep.
- Building Footprints:** The buildings are arranged in a grid pattern, with dimensions ranging from 2x300 to 2x450.
- Landscaping:** The plan includes numerous green circles representing trees and green areas representing landscaping. A large green area is located on the left side of the site.
- Site Features:** A dashed orange line runs along the left boundary. A solid orange line runs along the right boundary. A red line runs diagonally across the site. A red '3' is located in the upper right corner.
- Dimensions:** The site is 13445 units wide and 4940 units deep. Individual building dimensions are provided for each footprint.
